# Survey of Occupational Injuries and Illnesses,1998

U.S. Department of Labor Bureau of Labor Statistics

We estimate it will take you an average of 1 hour to complete this survey (ranging from 30 minutes to 4 hours per package), including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing this information. If you have any comments regarding the estimates or any other aspect of this survey, including suggestions for reducing this burden, please send them to the Bureau of Labor Statistics, Occupational Health and Safety Statistics (1220-0045). 2 Massachusetts Avenue, N.E., Washington, DC 20212. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. DO NOT SEND THE COMPLETED FORM TO THIS ADDRESS.

The Burezu of Labor Statistics and the State agency collecting this information will use the information you provide for statistical purposes only. To the full extent permitted by law, this information will be held in confidence and will not be disclosed without the written consent of your establishment

OMB No. 1220-0045 Approval expires 09-30-00 BLS-9300 N06

## Dear Employer:

The U.S. Bureau of Labor Statistics is surveying employers about occupational injuries and illnesses. We are asking for the totals from your 1998 Log and Summary of Occupational Injuries and Illnesses, as well as for information about hours worked and employment at your establishment. We are also asking for details about the worker and the circumstances of injuries or illnesses that involved days away from work. We will keep the information that you give us confidential and use it only for statistical purposes. If you need help in completing our survey form or if you have questions, call the phone number listed for your State in the back of this package.

Your participation in this survey is mandatory under Public Law 91-596. We recognize, however, that responding to our questions may be time consuming for some employers. We have made every effort to reduce the amount of time required wherever we could and still collect the necessary information.

Thank you for helping us collect accurate information and for participating in the effort to make America's workplaces safer and healthier.

Bureau of Labor Statistics U.S. Department of Labor

#### Who must complete this survey?

- Under Public Law 91-596, all establishments that receive this survey must complete and return it within 30 days, even if they had no occupational injuries and illnesses during 1998.
- If your establishment had no occupational injuries and illnesses, you will need to fill out only part of the survey. The instructions will tell you when you are finished.
- If you recently received a request by the Occupational Safety and Health Administration (OSHA) for information similar to the data we are collecting in Part 1: Summary of 1998 Occupational Injuries and Illnesses, you may attach a copy of the OSHA form instead of completing Part 1 of this package. Follow instructions under Part 1.

#### What else do you need?

- Employment average and hours worked at the establishment(s) noted on the cover under Reporting Site
- Information from your 1998 Log and Summary of Occupational Injuries and Illnesses (OSHA No. 200)
- Details from your supplemental records of cases with days away from work

If you are NOT normally required to keep these records ...

you should have received a copy of the Log and Summary of Occupational Injuries and Illnesses to use for this survey. We sent it in a green booklet in early 1998. If you did not receive this form, go to If You Need Help... at the back of this package and call the phone number listed for your State.

### What do you need to do?

- Check the information printed on the cover under Your Company Address. Make any corrections necessary.
- Complete this survey only for the establishment(s) noted on the cover under Reporting Site.
- · Fill out Part 1: Summary of 1998 Occupational Injuries and Illnesses.
- If your establishment had any occupational injuries or illnesses with days away from work in 1998, follow the instructions to complete Part 2: Reporting Cases with Days Away from Work.
- · On the back cover, fill in the name of the person we should call with questions and sign the form.
- Return the entire package everything that we sent you in the enclosed envelope within 30 days of the
  date your establishment received it.

# Part 1: Summary of 1998 Occupational Injuries and Illnesses

All establishments must complete this part of the survey, even if there were no occupational injuries and illnesses during 1998. This form tells us about the number of employees in your establishment and the number of hours they worked. It also gives us a summary of any occupational injuries and illnesses that did occur during 1998.

If you have already provided the Occupational Safety and Health Administration (OSHA) with this information, you may attach a copy of their form instead of completing Part 1. If you choose to attach the OSHA form, go to What's Next.

To answer the questions below, you'll need

- · information about employment and hours worked from your payroll, and
- your completed copy of the 1998 Log and Summary of Occupational Injuries and Illnesses (OSHA No. 200).

## Tell us about your establishment's employees and the hours they worked

Be sure the information you supply refers only to the establishment(s) noted on the cover under Reporting Site.

1,	What is the average number of employees who worked for your establishment	during	1998
	If this number isn't available, you can estimate it this way:		

Employment average

- Add together the number of employees your establishment paid in every pay period during 1998. Include all employees: full-time, part-time, temporary, seasonal, salaried, and hourly.
- Divide that answer by the number of pay periods your establishment had in 1998. Be sure to include any pay periods when you had no employees.
- Round the answer to the next highest whole number. Write the rounded number in the blank marked Employment average.

#### Example

Acme Construction pays its employees 26 times each year. During 1998.

	i promisi i i i i i mananananan	me paid th	10	-
. 4	a Karamana a a a a a	engine komidence e	0	
			15	
4	(المالية بالمراكبة المراكبة المراكبة المراكبة المراكبة		30	
- 3	e an entra de servicio deservicio.	er representation	, 40	
1			*	
24	# 1 # 4 # 1 # 4 # 4 # A # A # A		20	
2.	. 10. 10. 10. 10. 10. 10. 10. 10. 10. 10	e a grant a promoce projecti	15	
26	والمواجعة والمربع ماملون والمراورة	6838558866	10	

Because Acme has 26 pay periods, it would divide its sum by 26.

830 divided by 26 = 31.92

Acme would round 31.92 to 32 and write that number in the blank marked Employment average.

1. How many hours did your employees (salaried as well as hourly employees) actually work during 1998?

Do not include vacation, sick leave, holidays, or any other non-work time, even if employees were paid for it. If your establishment keeps records of only the hours paid or if you have employees who are not paid by the hour, please estimate the hours that the employees actually worked.

If this number isn't available, you can use this worksheet to estimate it.

#### Optional Worksheet

-beerim signing	****
***************************************	Find the number of full-time employees in your establishment for 1998
х	Multiply by the number of work hours for a full-time employee in a year.
	This is the number of full-time hours worked.
*	Add the number of any overtime hours as well as the hours worked by other employees (part-time, temporary, seasonal).
-	Round the answer to the next highest whole number. Write the rounded number in the blank marked Total bours worked.

Total hours worked

#### What's next

Look at the totals you copied into columns (3) and (10) above (look for the bold lines).

- If you had NO cases in both columns (3) and (10), you are finished with the survey. Go to Sign This Form on the back cover.
- If you HAD cases in either column (3) or column (10), go to Part 2: Reporting Cases with Days Away from Work.

# Part 2: Reporting Cases with Days Away from Work

This part of the survey tells us about individual injuries and illnesses that resulted in an employee's being away from work. It contains several copies of the form Case with Days Away from Work. To answer the questions on that form, you'll need

- your completed copy of the 1998 Log and Summary of Occupational Injuries and Illnesses (OSHA No. 200), and
- your completed copies of supplementary documents about the case, such as a workers' compensation report, an accident report, an insurance form, or the Supplementary Record of Occupational Injuries and Illnesses (OSHA No. 101).

# Which cases should you report?

To identify the individual cases to report, follow these steps.

- Go to your completed 1998 OSHA No. 200 form. If more than one establishment is noted on the front cover under Reporting Site, be sure to look at all your OSHA No. 200 forms to find the cases to report.
- Mark each case that has a check in either column (3) or column (10). These are the only cases you should report.

We have designed this survey to ensure that you don't have to report more than approximately 30 cases. If you find you have significantly more, please go to If You Need Help... at the back of this package and call the phone number listed for your State for assistance.

Fill out one Case with Days Away from Work form for each case that you found in Step . You can take most of the information from a supplementary document such as a workers' compensation report, an accident report, an insurance form, or the Supplementary Record of Occupational Injuries and Illnesses (OSHA No. 101).

(If you need more Case with Days Away from Work forms, you may either photocopy a blank one or go to If You Need Help... at the back of this package and call the phone number listed for your State.)

When you have finished, go to Sign This Form on the back cover.
